NHMRC: Updated National Statement on Ethical Conduct in Human Research

The [National Statement on Ethical Conduct in Human Research](#) was updated in 2018 and came into effect from 1 January 2019. For more information, see the [NHMRC website](#), or this [FAQ](#) from the UTAS [Research Integrity & Ethics Unit](#).

ACSQHC National Clinical Trials Governance Framework

If you would like to provide written feedback on the draft National Clinical Trials Governance Framework, please email the project team to receive a copy of the draft Framework, supporting documents & consultation questions at: CTgovernance@safetyandquality.gov.au. The consultation closes on **22 March 2019**.

Grants:

National Blood Authority

The National Blood Authority's National Blood Sector Research and Development Program has opened its 2019 funding round. Applications are required to address evidence gaps in either Patient Blood Management, or Immunoglobulin Product Use. <https://www.blood.gov.au/round-4>

NHMRC

Ideas Grants and Synergy Grants open on 6 March. <https://nhmrc.gov.au/funding/funding-schemes-and-calendar>. There has also been an extension to the application timeline for the Targeted Call for Research into Frailty in Hospital Care: Complex Health Needs.
